Hi There,

I am emailing to object the 2 building of 27 story and 31 storys. I live in the Richland community and find that having the 2 buildings this high is VERY AWKWARD! It is this 2 tall buildings being build out of no where. It doesn't look nice and doesn't help the neighborhood. It make sense to build a lower condo like 10 floors or less or build a plaza with restaurants where I find this area is lack of good and different varieties restaurants.

Again, I am against building these 2 high storys building!

George
