Subject: re: Objection for City Files: D01-21008 AND D02-21016

To Whom It May Concern,

I absolutely object the application for high level Condo s at 0 John Birchall Road. This location right beside Costco where the traffic already very busy and crowded, plus Richland residential community right next to it, when City plan it , it was a Low density residential development area, by adding two Condo building will change the low density to High Density. I vote to reject the applicaiton.
