Subject: Comments for the 2 high rises building

Dear Sir or Madam,

I definitely OPPOSED the development of two high rises (apartment) buildings in Elgin Mills and Leslie. High rises buildings block the view of the city and nearby Richmond Green Park.

Apartment residents will bring more traffic into the area. We already have traffic coming from Aurora and Newmarket. I do not agree with this project.

Please notify me of the passing or refusal of this proposed Zoning by-Law Amendment.

Thank you

Sylvia Cheng
