Subject: Re : 0 Elgin Mills project at Bayview ave and Elgin Mills

Attention : Ms.Lena Sampogna Dear Ms.Sampogna :

I am one of the trustees of the Hindu Temple Society of Canada which operates one of the biggest Temples in North America. This is visited by several Canadians of all religions and also by visitors from U.S to look and admire our towers crafted by hand by specially trained sculptors regularly. This place has become one of the tourist attractions for visitors to GTA because of uniquely sculpted towers.

I am perturbed by the fact that you are contemplating to give permission to a developer to build a High-rise which masks the view of our towers.

I have no objection for any one to build low rise buildings and strip malls in that area except High-rise building. Please reconsider your decision.

With warm regards,

Yours truly,

V.Basavaiah.
