Subject: Online voting re-consideration motion by Councillor Chan

Hello everyone

I am writing in support of Councillor Chan's motion to reconsider giving the residents of Richmond Hill another option to vote in the elections.

I will not repeat what has already been said by councillor Chan but wanted to add that there was never an issue with online voting at any level of governments around the world. Potential issues are just that. It exists regardless of online, in person or mail in voting. We must not let noise interfere with decision making. We must look at the overall good for the city which includes keeping everyone safe during this pandemic as it is going to be around for months to come and allowing its residents to exercise their democratic right to vote.

Thank you

Sigmund Lee

A resident of Richmond Hill at 20 Hamills Crescent
