Subject: Support for Councillor Godwin Chan's motion to enable on-line voting

I am a resident of Oakridges and I am writing to express my strong support for Councillor Godwin Chan's motion to enable on-line voting in the Richmond Hill municipal election in October 2022, and in subsequent elections going forward. It is important to allow as many voters as possible to participate, and having the option of voting online is a valuable step to achieve this.

Sincerely,

Margaret Millson
