Subject: Online Voting Motion

Mr Beros

I am writing to you as a resident of Oakridges to vote for the option of online voting in October's election. Please support this motion to be raised by Mr. Chan. 93% of votes cast in the by election were online. If you vote against this motion you are voting against 93% of Richmond Hill residents. I will be watching the livestream if it's available or will watch the video afterwards.

If you have a view please write back so I can understand your rationale for your vote. Looking forward to reading this.

Regards

Carolyn Gallinger
