Subject: online voting bad idea

Dear Clerk

As a resident of Richmond Hill, I feel online voting is a bad idea:

1. Fraud. Household will receive the ballots of people who no longer live there. The occupying resident could use the ballot and vote multiple times. Parents all know their kids' birthdays.
2. Voter intimidation. Voting in person , in private, ensures a secure secret vote free of intimidation. It would be naive to think there would no voter intimidation in Richmond Hill.
3. I would be open for a requested ballot only delivered to seniors or shut ins.

Thank you

Ted Paul
