**Subject:** Member Motion Pickleball Courts - Agenda Item 14.2

Mayor and Members of Council

My name is Ildiko "Dee" Sutters, and I live at 11 Lorraine Street in Richmond Hill.

I am adding my voice to the many who are enjoy playing Pickleball in Richmond Hill, but are frustrated by the lack of courts to play on.

This is the fastest growing sport in the world, it is fun and social and requires little expense in the way of equipment to start to play.

**However, Pickleball players need courts!**

Currently there are only 2 courts in the Town Park, and many more courts are needed to satisfy the need for more playing surfaces. Keeping our residents healthy and engaged in exercise is an important aspect of providing City services. This is a sport that can be played at all ages, so please look forward to the future and allocate immediate funds for the construction of more Pickleball courts in Richmond Hill to meet this demand!

Thank you.

Ildiko "Dee" Sutters
