Subject: Pickleball

To whom it may concern.

PickleBall has become an amazing game for all ages, but in particular the over 50 group.

I have played tennis all my life, but over the last year or so I have begun playing doubles pickleball, lineups to get access to the limited pickleball facilities In Richmond Hill has certainly proven to be a deterrent...

I would certainly support additional pickleball courts in the Richmond Hill community.

Yours truly

Peter Kostin
