Subject: Regarding plan submitted by 9218 Yonge Street Incorporated

Please note that the development requested for the Yonge/Carville (south-west) corner is absolutely inappropriate for this location, this community and the intent of “a livable and people focused” city plan. The lack of parking, parkland, open green publicly accessible space, elementary school facilities, and timely public transit (not something that is being planned for 10-15 years away) are just some of the concerns related to this and all the other excessive and aggressive development planned for Richmond Hill by people who do not live or care for the city. A future subway (something that is not guaranteed no matter what politicians have promised this term) is not a valid reason to destroy our city and our communities.

Respectfully
Tina Cotrupi
82 Wright Street
