

The architectural drawings show a two-story house with a gabled roof. The elevations are as follows:

- Proposed Left Side Elevation:** Shows the side profile of the house. Key dimensions include a total height of 29'-0" from the finish grade to the top of the roof, and a width of 31'-0". It features a large window on the upper level and a smaller one on the lower level.
- Proposed Front Elevation (Lot 3):** Shows the front facade of the house. Key dimensions include a total height of 29'-0" from the finish grade to the top of the roof, and a width of 31'-0". It features a large window on the upper level, a smaller one on the lower level, and a central entrance door.
- Proposed Right Side Elevation:** Shows the side profile of the house from the opposite side. Key dimensions include a total height of 29'-0" from the finish grade to the top of the roof, and a width of 31'-0". It features a large window on the upper level and a smaller one on the lower level.
- Proposed Rear Elevation:** Shows the rear facade of the house. Key dimensions include a total height of 29'-0" from the finish grade to the top of the roof, and a width of 31'-0". It features a large window on the upper level and a smaller one on the lower level.

Each drawing includes detailed dimensions for height and width, and labels for various structural elements like roof, windows, doors, and foundation.
