RE: Comments for consideration at April 20, 2022 Special Council Meeting

I strongly oppose the Bridge and High Tech Transit Oriented Community (TOC) developments both in form and process that the provincial government of Doug Ford has mandated upon Richmond Hill and Markham.

I request that Richmond Hill Council bring a motion to deny the TOCS. The EMZOs issued for the TOCs are an autocratic affront to democracy and have no business in a country like Canada. They bypass the Ontario Planning Act and our duly elected officials and infringe on the individual rights of citizens. The EMZO's completely undermine the Official Plans of York Region and the City of Richmond Hill. Public consultation must be part of the process.

I ask the clerk to ensure that my letter is included in the public record and be sent to the provincial government and the MPPs for Richmond Hill and Markham.
