**Subject:** Fwd: Call To Action: We need more letters sent to Regional Council

## Attention

Paul Freeman, Chief Planner, Planning and Economic Development [paul.freeman@york.ca](mailto:paul.freeman@york.ca)

Chris Raynor, Regional Clerk, [regional.clerk@york.ca](mailto:regional.clerk@york.ca)

Stephen Huycke, City Clerk, [clerks@richmondhill.ca](mailto:clerks@richmondhill.ca)

David West, Mayor, [officemayor@richmondhill.ca](mailto:officemayor@richmondhill.ca)

## **Subject: Draft Regional Official Plan (2021) and Draft Richmond Hill Official Plan**

I am a concerned resident, parent and homeowner in Oak Ridges. Oak Ridges is aptly named after the moraine we are built upon and the green space and watershed area us inhabitants of this small enclave of Richmond Hill need to be stewards of protecting and maintaining it. I would really like to be a part of a thoughtful and environmentally responsible approach to the development of higher densities along Yonge Street in Oak Ridges as proposed in the draft Regional Official Plan (2021). I support the Regional Corridor to be continuous along Yonge Street. My specific concern is the potential development along Yonge Street in Oak Ridges. The land forms part of the Oak Ridges Moraine and **should follow the policies adopted under the 2010 Richmond Hill Official Plan, which was endorsed by Council following a comprehensive public consultation process.**

The land owned by Baif Developments on the east side of Yonge Street, south of Bloomington, known as the Yonge Zone, has made a site-specific request to York Region for the "identification of Yonge Street as a Regional Corridor from 19<sup>th</sup> Avenue in Richmond Hill to Industrial Parkway South in Aurora, to facilitate higher density development". Without density and height restrictions on the Oak Ridges Moraine, approval of the Yonge Street Corridor may permit greater densities than those permitted under the Richmond Hill Official Plan 2010.

I would like to offer a suggestion to council that the only way an ammendment of approval for any higher density developments be approved is if Baif developments creates a world class environmentally forward thinking and sustainable concept that greatly reduces the carbon footprint of development. For example, mandate green roof development and other environmentally forward thinking concepts in order to gain approval for greater density development. Richmond Hill could lead other Ontario cities by greening our housing developments to the maximum and work to sustain the natural environment by building in sustainability. It is the Oak Ridges moraine afterall; please work to protect and maintain what is left.

Densities and building heights along the Yonge Street Corridor within the Oak Ridges Moraine should protect environmentally sensitive areas from further development. It should be consistent

with current policy (2010 Richmond Hill Official Plan) that densities and heights be limited to 4 - 5 storeys and allow special exemptions permitting up to 6 storeys, similar to the Oak Ridges Retirement Home.

Section 4.1.4 of the Draft Regional Official Plan states “that the Oak Ridges Moraine Conservation Plan designation of Settlement Areas includes portions of the Urban Area including Richmond Hill. In these areas, policies contained in Chapters 4 and 5 of this Plan and the local official plans shall guide permitted development. **Where the local Official Plan is more restrictive than this Plan, the more restrictive policies shall apply**”.

Protecting the environment should be a top priority in York Region planning. More than ever, we need to preserve our greenspaces, wetlands, and environmentally sensitive areas, not pave them over.

Respectfully,

Name: Samantha Cisterna
