

MEMBER MOTION

Section 5.4.4(b) of Procedure By-law

Meeting Date: Wednesday June 8, 2022
Subject/Title: Green/Blue Bin Replacement- Free Home Delivery
Submitted by: Regional and Local Councillor Carmine Perrelli

Whereas the vast majority of green/blue bins are damaged through aggressive collection methods or circumstances which are beyond the control of residents including extreme cold and heat and the city's winter operations during collection days; and

Whereas many residents find it problematic to attend the Operations Centre to exchange a damaged bin for a variety of reasons including, lack of a personal vehicle, children's car seats, mobility factors, etc.; and

Whereas many residents find it inconvenient to go to the Operation Centre based on hours of operation; and

Whereas residents who can attend the Operation Centre prefer to not put a broken, dirty, smelly bin, into their personal vehicle; and

Whereas residents should not be inconvenienced due to a circumstance, over which they have no control; and

Whereas neighbouring Municipalities including Vaughan and Aurora already offer home delivery as part of their bin exchange service to residents; and

Whereas 85,000 views of my Facebook bin home delivery video denotes a significant community enthusiasm for this increased level of service;

Now Therefore Be It Resolved:

That Council direct the Acting City Manager to report back to the June 22nd Council meeting on a plan to include free green/blue bin home delivery and pick up service.

Moved by: Regional and Local Councillor Carmine Perrelli
