Subject: Member Motion - Councillor Beros - Regional and Local Councillor Perrelli's Enviro Day Event Exemption from the Events Policy AND Member Motion - Regional and Local Councillor Perrelli - Green and Blue Bin Replacement - Free Home Delivery

Mayor and Council,

Please add my name to the captioned motions as a resident in complete and total opposition to the motions.

Residents and Council have made it abundantly clear about how we feel Mr. Perrelli should absolutely re-pay the debt incurred for his "Enviro-Day". Freezing his account was a prudent and responsible act helping to ensure the payment of his debt could occur. In any other corporate organization the same action would have taken place if a person owed the corporation and had funds available to freeze after judgement was passed.

Under no circumstances is it necessary for taxpayers to once again pay for a frivolous service just because Mr. Perrelli has seen an "interest" for it on his Facebook page. Hits to a site do not mean everyone is wanting the service! In fact in this case, and under the circumstances surrounding this whole issue of "Enviro-Day" and bin replacement, I would argue that the hits on his Facebook page would indicate residents are simply interested to see what he's doing to next throw away our money. Once again Mr. Perrelli has misinterpreted social media and twisted information. Thousands of residents have had no issue with getting new bins when required, myself included.

Under no circumstances, should Mr. Perrelli be exempt, by technicality or otherwise, from repaying his debts to Richmond Hill and further, for attempting to garner votes by "delivering" free bins to households in Richmond Hill.

I am very much opposed to these two motions.
