Subject: Monies owing by councillor Perrelli

As a resident of Richmond Hill, I am totally against the city absorbing the debt incurred by Perrelli. He made decisions that have consequences and should be held accountable. Non-repayment is in no one's best interests except his. I am extremely disappointed in the functioning of our city council, especially when it comes to Perrelli and Beros and a couple of others.

Please make him pay back the money he owes. His debt should not be forgiven!
