Subject: Council meeting June 8

I would like to express my concern regarding a motion to be made at the subject meeting.

A decision was made in October last year which required councilor Pirelli to reimburse the town for expenses related to an enviro event.

The motion to be made on June 8 is to rescind that decision.

Please be advised that I, as a citizen of Richmond Hill, do not approve of this motion and that I believe it should be defeated.

I have informed the ward 5 councilor of my views.

Thank you

Ed Lomax
