Subject: Member Motion - Councillor Beros - Regional and Local Councillor Perrelli's Enviro Day Event Exemption from the Events Policy

Mr. Mayor, and Councillors

Member Motion - Councillor Beros - Regional and Local Councillor Perrelli's Enviro Day Event Exemption from the Events Policy

I write with frustration that we are once again visiting an event that was already settled and voted for by the council. Council should be spending zero time on such a motion.

Much time is wasted on frivolous matters where councillors nitpicked on anything and everything. Serious matters are ignored. Case in point, Mayor West in his first council meeting wanted to add to the agenda matters relating to the TOC. Several Councillors did not want to approve the added agenda and at the next council meeting they were lambasting the mayor for not acting quickly but did not self-reflect that they were the troublemakers that caused the delays.

Residents of Richmond Hill are angry that a councillor can openly claim no tax dollars will be used to fund the bins exchange and that he already has sponsors for the event. Claims of such nature were also made during the mayoral campaign.

Greg Beros via a motion wants the debt to be forgiven. I strongly opposed such a motion and asked that Council do the same. Council must also get the integrity commission involved to rule if residents and the council were misled.
