Subject: 11300 Yonge Street, Richmond Hill Development Proposal, Schlegel Villages

RE: City File D01-20018 and D02-20033

My home is at 95 Lacewood Drive. I am writing in support of the Schlegel Villages development at 11300 Yonge St.

When I first moved to 95 Lacewood, I always wondered what this vacant land would become. I was afraid it would turn into a busy commercial plaza and attract traffic, crime, etc... so I am firstly pleased that this being a used as an elderly care facility. It would definitely attract less traffic than any other possible land development proposals.

Furthermore, when I sit in my backyard, it is noisy because of our house's close proximity to Yonge Street. I hear traffic all day long. The buildings being proposed by Schlegel Villages will act as a noise buffer and our backyards will be much quieter.

Moreso, I think this is a great project and will support the community tremendously with more jobs and serve our elderly community. It will also be a great place for us to retire in the near future and stay next to our area and all the things we love.
