Subject: Objection to 3 new buildings development on 11300 Yonge Street

Dear Sir/Madam,

Hope you are doing well.

We are writing to express our strong objection to the proposed 3 high density buildings development on the subject lands at 11300 Yonge Street because the project has obvious adverse impacts to our community and environment system nearby.

Also, we have heard that if the proposed building development plan was approved, the constructions for 3 phases would last for almost 10 years, which are right besides our backyard. How could we survive in construction sites for 10 years?

Please record our objection letter and comments to this proposed development with the City of Richmond Hill.

Thank you and best regards,

YINNA LIU
