Subject: Objection to Build Three New Buildings On 11300 Yonge St.

Dear Government of Richmond Hill,

I am the homeowner living on Lacewood Drive. Since I moved to Toronto in 2016, I live in this house. And I would not move anywhere else in the near future. My family and I strongly object to developing a Seniors continuum-of-care campus or condos.

I love my house. I like to enjoy the sunrise in the morning. However, the buildings will block the view. And Residents in those buildings can see into our house. Then we do not have privacy. which is not tolerated.

A tremendous increase in population density due to these new buildings will cause traffic congestion in the area. There are only two lanes each for the up and down traffic on Yonge Street. Therefore it is not suitable for any more high-rise buildings in the area.

So many new residents in the Seniors continuum-of-care campus would have times of visitors. The safety of the community will be greatly reduced.

So the high-density buildings will definitely affect our lives negatively in this community. We absolutely object to the development. Please consider our opinions. We appreciate it.

Sincerely,

Elena Yin

98 Lacewood Drive, Richmond Hill
