5. Delegations

5.1 Amy Barnes, Heritage Consultant for 11666 Yonge Street, regarding the draft Commemoration Plan for 11666 Yonge Street - (refer to Item 6.1)

Amy Barnes, Heritage Consultant for 11666 Yonge Street, provided background information on the property, noting that a Heritage Impact Assessment (HIA) was conducted, in which alternatives to demolition were explored. She described the condition of the building, advised that an engineering report proposed demolition due to the condition of the building, and reviewed the recommendations within the HIA, which

included symbolic conservation methods. A. Barnes advised that a detailed condition assessment was completed as part of the HIA, which identified materials from the building that were determined to be 'salvageable' and/or had the potential for reuse. She outlined the proposed Conservation and Commemoration Plan (Plan), provided illustrations of the conceptual site plan, noted various elements of the Plan, including materials, and displayed panel options for the commemoration.

Committee members directed questions to A. Barnes with respect to plans for the parkette, recommendations on where the plaque would best be situated, and how the materials would be reused. Committee members raised concerns with the slanted panel option, how the materials can best be stored, risks associated with a transfer of ownership, and questioned how the parkette would be maintained.

Michael Roberts, Property Manager for 11666 Yonge Street, addressed staff's concerns regarding the permanency of the parkette, noting that the owner did not have plans to redevelop the lands where the parkette was proposed, and that he would follow up with the owner. Committee members recommended that the Plan include how long the parkette was expected to be there.

Committee members shared concerns with the property no longer being designated should Council decide to remove the designation by-law following the demolition of the building.

A. Barnes advised that she welcomed working with the Historical Society on the plaque and hearing their ideas on how they could create a more visual aesthetic, and clarified that they were in the early stages of the Plan and did not have details on dimensions of the parkette. A. Barnes also received comments on the need to provide shade in the parkette.

Staff clarified that a demolition application had not been received, and that the landowner intended to bring the recommendations of the Plan as a condition of the demolition to Council for consideration.

5.2 Michael Roberts, Property Manager for 11666 Yonge Street, regarding the draft Commemoration Plan for 11666 Yonge Street - (refer to Item 6.1)

Michael Roberts, Property Manager for 11666 Yonge Street, advised that he would take back all comments and work with Amy Barnes, Heritage Consultant, on the next steps. M. Roberts commented on his affection for

heritage buildings, noting that he would have loved to save the building, but that the engineering report was not favourable.

6.5 Opportunities for Promotion and Marketing Heritage through the City of Richmond Hill's Website - Discussion Item by Dan Kelly

Dan Kelly provided background on the idea of using the website to promote heritage, noting that he sought input from the committee on three considerations with respect to opportunities for promotion and marketing heritage:

- (1) Is this something that is needed?
- (2) What is the role of the Heritage Richmond Hill Committee?
- (3) What is the effort that is required?

D. Kelly shared his opinion that the Committee needed to increase engagement with the public to reinforce the need for heritage, and suggested that the website could provide links to other webpages on heritage matters within Richmond Hill. He questioned whether the Committee should take a reactive or proactive approach with heritage, and shared his opinion that the Committee should develop content, with staff's assistance on the technical matters on the website, and that the promotion of heritage did not need to be limited to the website.

Committee members commented on the importance of knowing what heritage resources were in the community before promotion can take place, and suggested that it could be part of the new Committee's orientation. Committee members shared the importance of consulting City staff with respect to the Committee's proposed plan, commented on what promotion the Committee had done to date, and shared ideas on ways to promote heritage in the future.

Committee members discussed the merits of setting up a sub-committee to investigate opportunities for promotion and marketing heritage further, and had a discussion on whether the orientation materials should be examined as part of the sub-committee's mandate. Opinions were shared on the importance of building the orientation program to ensure the new Committee members were well-informed. A request was also made for

staff to circulate the existing orientation materials to Committee members and include it as a discussion item on the next meeting agenda. Members of the Committee also stepped forward to volunteer as a member of the new sub-committee.

Moved by: D. Kelly

- a) That a sub-committee be formed for the purposes of investigating opportunities for the following:
 - a. a review of the current Heritage Richmond Hill orientation program;
 - b. promotion of heritage in Richmond Hill; and
 - c. any other matter that the sub-committee deems appropriate
