Subject: 13572 and 13586 Bayview Avenue Application

Dear Council Members,

I am voicing my disapproval for the condo application for 13572 and 13586 Bayview Avenue that proposes an 8-storey building on these two lots. The proposed building is way too large for these lots.

A building of this height would also be the first in Oak Ridges where buildings have been limited to 4-5 storeys in height and I do not support a precedent that would threaten this status.

I respectfully request that Richmond Hill Council rejects the plan for an 8-story condo and insists the developer rework their proposal for this sensitive area to match the height of buildings in Oak Ridges.
