Subject: NO to motion 13.9

I totally object any proposal to build apartment in that well developed location.

We are deeply disappointed that the applicant ignored the opposition of over 99% of the residents and failed to engage the community during the whole re-submission process.

We trusted you to represent us in our interest and say NO to motion 13.9 in the upcoming council meeting.

Thanks a lot and have a great day!

A 20 years old Richmond Hill resident

Hailin
