**Subject:** OBJECTION TO 8 STOREY CONDO

Good morning, hope all is well.

This email is in regards to the condo application for 13572 and 13586 Bayview Avenue, located south of Bloomington and adjacent to a wetland known as Snively Reserves.

I strongly OBJECT to the new recommendation for an 8-storey condo, with the first three storeys for parking. While this is smaller than the original application, it is still too large. Height limits for Oak Ridges are currently 4-5 storeys for a reason! The Developer knows the rules and laws of this town, why are they proposing something that is against the laws? There must be more responsible planning for Oak Ridges, preservation for this area stems back to the 1940s. We must protect this ecologically significant landform for not only our local communities but for Ontario as a whole. I encourage council members to set the right example and not allow developers to simply plan developments based on how much money they will put in their pockets. It is important to respect our mother nature and make choices that future generations will be proud of.

Our Address is  
29 Coons Road  
Richmond Hill, ON  
L4E 2R6

Sincerely,

**Hamed Khandan**
