Subject: Vote on condo application for 13572 and 13586 Bayview Avenue

Dear Stephen Huycke,

I would like to voice my objection to this application. I understand that Council may vote on the plan. While this is smaller than the original application, it is still too large. Height limits for Oak Ridges are currently 4-5 storeys. If this 8-storey condo is approved, I worry that it will set a precedent for higher buildings in the future including for the Yonge Zone and Coon's Rd. sites.

Best regards,

Randy Givlin
163 Coons Rd
