Subject: Councillor Perrelli

After reviewing the number of complaints against Mr. Perrelli, it is obvious that he has not learned from previous issues and reprimands are not a deterrent. It is also troublesome that only 3 of the many complaints even led to a reprimand.

A couple of years ago, after attending a council meeting in which Mr. Perrelli was videotaping the audience clearly to threaten, I filed a complaint. He interrupted the mayor on several occasions, used his phone while the meeting was going on, and yelled at the audience. After months of interviews and emails and all my efforts, the integrity commissioner decided that they did not have the power to do anything about it. Clearly a waste of my time and energy.

This behaviour has continued for years and there appears to be no improvement. Reprimands haven't worked. This city needs to send a clear message that bullying in any form will NOT be tolerated.
