I am writing with regard to the above. There is not much to add other than the council must act accordingly. We cannot have policies and procedures that the council cannot enforce or allow elected officials to continue to get away with a slap in the hand.

As we discussed this IC report, item 7 is being repeated by the same councillor. His two motions on the Land acknowledgement are undermining and disrupting the good work of the staff. We must protect our staff from any kind of harassment and allow them to work.

Thank you
