Subject: To include French in all City of Richmond Hill Communications Policy

Importance: High

Sep.13 2022

14.3 Member Motion - Councillor Beros - To include French in all City of Richmond Hill Communications Policy

Moved by: Councillor Beros To City of Richmond Hill Council

From Tina De Medeiros

Dear council members and all concerned ;

I Tina De Medeiros and family live in Richmond Hill for many years . I sent my twin girls Angie and Manuela to French school from kindergarten to high school. After they both finished their university studies they both found very good jobs due to their French language skills. One is with Universal music head office covers Montreal music . Manuela works for City of Toronto assistant planner , anything communicated in French comes to her in or out of her office. I do see other languages are being included in various communications and many times French has been "excluded" for some unknown reason.

As French is Canada's second official language I fully support the motion from Councillor Greg Beros to include French in all City of Richmond Hill Communications .

Best Regards

Tina De Medeiros 96 Olde Bayview Ave Richmond Hill Ont L4E3C7
