Dear Council Members,

I am writing this letter in support for a proposed treatment centre for children with autism in Richmond Hill (City File:ZBLA-22-00221). It is clear that these types of treatment centres are in very high demand as they help address the backlog of families waiting for support in this province. With the concentration of centres located within the city of Toronto it is only appropriate that new locations should be accessed in other regions. Congratulations to Richmond Hill, communities that include support-based services are communities with upstanding character.

Regards,

Maxwell Tomlinson
