Council Public Meeting

I am hereby expressing my strong opposition to the proposed zoning change on this land, which is directly across the street from my property.

My reasons for this opposition are:

1. It significantly compromises the privacy of my house. Windows from the proposed high rise will have direct views into my house, including my bedrooms, from a very short distance.
2. The proposed high rise would block sunlight from reaching my house.
3. The increased traffic associated with the high rise on May Avenue will affect the safety of my kids who play on that street.

Thank you for your consideration.

Sincerely,

Amin Kay
