Subject: City Files OPA-22-0008 and D02-19020

Sir/madam,

I wish to submit my strong objection to the applications to build a 12-storey building at 101 Bloomington Road. This application (City files OPA-22-0008 and D02-19020) is not in accordance with either the City's Official Plan or the Regional Official Plan. Why do we have official plans if developers can routinely be granted exemptions? This development will set a precedent to exceed the four storey limit in Oak Ridges. If this exemption is granted, it will be cited by future development applications as a reason to keep building higher and higher, destroying the unique community of Oak Ridges of which we the residents are proud.

Sincerely yours,

James Fisher
