Subject: (OPA-23-003) - in opposition to this proposed official plan amendment

Dear City Council Members,

My name is Mandy Yiu, one of the unit owners of YRCC852 (unit #73). I would like to submit my comments regarding the proposed official plan amendment (OPA-23-003).

I have the following concerns:

1. Overcrowding: The proposed development is expected to create an overcrowded community
2. Increased traffic: The proposed development will result in increased traffic on already congested roads, Hwy 7, Leslie Avenue, and the tiny East Beaver Creek.
3. Buttonville Airport: We have a nearby airport, will there be potential safety risks associated with high-rise buildings?

My conclusion is in opposition to this proposed official plan amendment.

Thanks and Regards,
Mandy Yiu
