Subject: Pickleball Courts

Hi David,

I am watching the meeting down - everybody talking is incorrect. There are TWO courts in Richmond Hill. TWO. At Kings College on Valleymede and Chalmers.

All the other courts that they are referring to, are "seasonal" ones on broken parking lots (i.e. Richmond Green), or on tennis courts.

Pickleball courts on tennis courts are garbage. Mixed use are garbage. Would you play basketball on a 12 foot net? The nets on a tennis court are 6 inches higher than a pickleball court.

I would like you to come to the courts in Markham at Thornlea on a Saturday or Sunday morning. There are 2 dedicated pickleball courts and 3 tennis courts with Pickleball lines on them. You will see that all 5 courts have Pickleball being played on them, with people waiting for more courts.
