Subject: Support for Private Member Motion Submitted by Councillor Cilevitz Urging Second National Summit to Combat Antisemitism

Dear Richmond Hill City Council,

We are writing to express our strong support for the private member motion submitted by Councillor Cilevitz urging the federal government to convene a second national summit to combat antisemitism. As residents of Ward 5 in Richmond Hill, we were deeply shocked and disturbed by the two acts of anti-Semitic graffiti in our park and culvert last October, following the tragic attack on October 7th in Israel. These incidents underscore the urgent need for action to address the rise in antisemitism within our community and across the country.

Antisemitism is a despicable form of hatred that has no place in our society. It not only targets individuals and communities but also undermines the values of tolerance, diversity, and inclusion that we hold dear. As residents of Richmond Hill, we have a responsibility to stand against all forms of bigotry and discrimination.

We believe it is imperative for Richmond Hill to play an active role in combating antisemitism and promoting unity and understanding among our diverse population. By supporting this motion, we can send a clear message that hate will not be tolerated in our community.

Furthermore, we urge Canada to take a leadership role in addressing this pressing issue by convening a second national summit on antisemitism. Such a summit would provide an important platform for stakeholders to come together, share best practices, and develop strategies to effectively combat antisemitism in all its forms.

In conclusion, we urge you to unanimously support the private member motion submitted by Councillor Cilevitz and demonstrate Richmond Hill's commitment to combating antisemitism and promoting a more inclusive and tolerant society.

Thank you for your attention to this important matter.

Sincerely,

Francesca Cellucci and Michael Lombardi

95 Castle Rock Dr.

Ward 5, Richmond Hill
