

Staff Report for Heritage Richmond Hill Meeting

Date of Meeting: June 6, 2024
Report Number: SRPBS.24.065

Department: Planning and Building Services
Division: Policy Planning

**Subject: SRPBS.24.065 - Notice of Intention to Designate
10239 Yonge Street - City File D12-07469**

Purpose:

To seek Heritage Richmond Hill's recommendation that Council state its intention to designate the property at 10239 Yonge Street under Part IV, Section 29 of the *Ontario Heritage Act*. This proposed designation is being sought in response to the Province's Bill 23, which mandates that all "listed" heritage properties be removed from the City's Heritage Register unless they are designated by January 1, 2025.

Recommendation(s):

- a) That Staff Report SRPBS.24.065 titled "Notice of Intention to Designate 10239 Yonge Street" be received;
- b) That City Council state its intention to designate the property at 10239 Yonge Street under Part IV, Section 29 of the *Ontario Heritage Act* in recognition of its cultural heritage significance, and in accordance with the Statement of Significance: 10239 Yonge Street included as Attachment A to SRPBS.24.065;
- c) That Staff be directed to publish and serve Council's Notice of Intention to Designate as per the requirements of the *Ontario Heritage Act*;
- d) That if there are no objections to the designation in accordance with the provisions of the *Ontario Heritage Act*, that Staff be directed to place a designation by-law before Council at a future Council meeting for adoption; and
- e) That Staff be authorized and directed to do all things necessary to give effect to this resolution.

Contact Person:

Julia Smith, Urban Design/Heritage Planner - Phone 905-747-6305
Kunal Chaudhry, Manager of Heritage and Urban Design – Phone 905-771-5562

Background:

Heritage Conservation in Richmond Hill and the Impacts of Bill 23

The purpose of this Staff Report is to provide information and recommend the property at 10239 Yonge Street for designation under Part IV, Section 29 of the *Ontario Heritage Act* (the “OHA”) in response to Bill 23. This section provides background information on the legislative and policy context for heritage conservation in Richmond Hill, and the impacts of Bill 23 on the City’s identified cultural heritage resources.

Page 3

Provincial direction to support the conservation of significant cultural heritage resources

The Province of Ontario has made a clear commitment to the conservation of cultural heritage resources through its legislation and policies, including the *Ontario Heritage Act* (“OHA”), *Provincial Policy Statement* (“PPS”; 2020), and the *Growth Plan for the Greater Golden Horseshoe* (“Growth Plan”; 2019). Both the PPS and the Growth Plan mandate the conservation of significant cultural heritage resources and significant cultural heritage landscapes. The OHA enables municipalities to protect significant cultural heritage resources and landscapes via designation and provides a framework for evaluating properties for heritage significance using prescribed provincial criteria.

The commitment to heritage conservation continues at the regional and municipal level through supportive objectives and policies in the York Region Official Plan (2022), and the Richmond Hill Official Plan (2023). The City’s Official Plan recognizes that the conservation of cultural heritage resources is an integral part of place-making, contributing to the City’s identity, economic potential, and quality of life. It is the policy of Council to protect and conserve cultural heritage resources in accordance with applicable legislation and recognized heritage protocols, including through designation under the OHA.

Richmond Hill’s Heritage Register includes designated and “listed” heritage properties

The OHA enables municipalities to establish a formal list, or “Register,” of all properties of cultural heritage value or interest. In Richmond Hill, the Register includes both properties that have been designated under Part IV or V of the OHA, and non-designated properties that are believed to be of cultural heritage value or interest, often referred to as “listed” properties.

There are currently 336 properties on Richmond Hill’s Heritage Register; the vast majority of those properties, 235, are non-designated “listed” properties.

Bill 23 has implications for the protection of “listed” heritage properties

Bill 23 (*the More Homes Built Faster Act*), received royal assent on November 28, 2022. One of the most significant changes to the OHA implemented by Bill 23 is the enactment of a two-year time limit on “listed” heritage properties. This means that all 235 of the City’s “listed” heritage properties will be automatically removed from the Register on January 1, 2025, unless they are designated under the OHA prior to this deadline. Any properties removed from the Register because of this statutory deadline cannot be “re-listed” for a five-year period.

Once a property is removed from the Register, the City no longer has any legal mechanism to deny demolition or alteration permits that may adversely impact a property’s heritage attributes and cultural heritage value.

Page 4

As a result of Bill 23, designation under Part IV or V of the OHA is now the only tool available to the City to ensure the long-term protection of its significant cultural heritage resources.

Discussion:

Richmond Hill's Bill 23 Heritage Designation Strategy

In response to Bill 23, the City's Heritage Designation Strategy was developed to identify and focus resources on designating "listed" properties most at risk and with the highest cultural heritage value within the limited timeframe. This section explains the process and approach for prioritizing "listed" properties and determining a property's cultural heritage value or interest for the purpose of designation.

"Listed" heritage properties are prioritized and evaluated using Provincial Criteria

All 235 "listed" heritage properties were screened and prioritized for potential designation based on cultural heritage value and risk. Staff also consulted with a sub-committee of Heritage Richmond Hill as part of the screening process.

All properties proposed for designation have been thoroughly researched and evaluated using Ontario Regulation 9/06 ("O. Reg. 9/06"), the prescribed provincial *Criteria for Determining Cultural Heritage Value or Interest*.

Under the OHA, municipal councils may designate a property to be of cultural heritage value or interest if the property meets two or more of the nine criteria outlined below:

- 1. The property has design value or physical value because it is a rare, unique, representative or early example of a style, type, expression, material or construction method;*
- 2. The property has design value or physical value because it displays a high degree of craftsmanship or artistic merit;*
- 3. The property has design value or physical value because it demonstrates a high degree of technical or scientific achievement;*
- 4. The property has historical value or associative value because it has direct associations with a theme, event, belief, person, activity, organization or institution that is significant to a community;*
- 5. The property has historical value or associative value because it yields, or has the potential to yield, information that contributes to an understanding of a community or culture;*
- 6. The property has historical value or associative value because it demonstrates or reflects the work or ideas of an architect, artist, builder, designer or theorist who is significant to a community;*

Page 5

7. The property has contextual value because it is important in defining, maintaining or supporting the character of an area;

8. The property has contextual value because it is physically, functionally, visually or historically linked to its surroundings;

9. The property has contextual value because it is a landmark.

Statements of Significance are prepared for each proposed property

As required by the OHA, Statements of Significance (“SoS”) have been prepared for all properties proposed for designation, and will be included in future heritage designation by-laws. These SoS include a description of the cultural heritage significance of the property and a list of heritage attributes that embody this significance. SoS provide clarity to both the City and the property owner about which elements of the property should be conserved.

Note that Part IV designation does not prevent future alterations to a property, but rather provides a guide to determine whether proposed alterations will adversely impact the heritage significance of the property.

Affected property owners are notified of the proposed designation

Under the OHA, formal notice to property owners is only required after Council has stated its intention to designate a property under Part IV of the Act. However, as a courtesy, all affected property owners have been notified in advance that their property is being proposed for designation. As part of this notice, owners were provided information on how to access relevant Research and Evaluation Reports, Statements of Significance, and Staff Reports. Per the OHA, interested parties may formally object to a designation after Council has stated its intention to designate a property. Further, interested parties may appeal a designation to the Ontario Land Tribunal (OLT) after Council has passed a designation by-law for a property.

10239 Yonge Street Merits Designation Under Part IV of the OHA

This staff report recommends that Council state its intention to designate the Hart House at 10239 Yonge Street under Part IV of the OHA as part of the City’s Bill 23 Heritage Designation Strategy.

The subject property has been thoroughly researched and evaluated for cultural heritage significance using O. Reg. 9/06 criteria, and has been found to possess significant design, associative and contextual value. Detailed information on the subject property’s history and cultural heritage value can be found in the “Statement of Significance” (Attachment A) and “Heritage Research and Evaluation Report” (Attachment B).

A summary of the subject property’s cultural heritage significance is included below:

Page 6

Dating to circa 1853, the Hart House at 10239 Yonge Street has physical value as a rare early example of Georgian architecture in Richmond Hill, and an early remaining example of development along Yonge Street; historical value for its direct associations with John Hart, a prosperous early Richmond Hill farmer, shoemaker, and village resident whose family lived on the property from 1862 to 1912; and contextual value for defining and maintaining the predominantly 19th- and early-20th-century main street character of Yonge Street in Richmond Hill village, and for visual and historical links to its surroundings on the east side of Yonge Street.

The property meets O. Reg. 9/06 criteria: 1, 4, 7, and 8.

Next Steps

Properties being recommended through the Heritage Designation Strategy are being brought forward to the City's Heritage Richmond Hill committee for input and then to Council for a decision. This section outlines the process for designation and the applicable procedures following Council consideration.

Process and procedures for designation under Part IV of the Act

The following is a summary of key processes and notification requirements related to designation under Part IV of the OHA:

- Council is advised by its municipal heritage committee with respect to the cultural heritage value of the property;
- Should Council wish to pursue designation, it must issue a "Notice of Intention to Designate" ("NOID") the property, to be served on the owner and the Ontario Heritage Trust and published on the City's website;
- Following publication of the notice, interested parties may object to the NOID within a 30-day window; if an objection notice is received, Council is required to consider the objection and make a decision whether or not to withdraw the notice of intention to designate;
- Should Council wish to proceed with designation, it must pass a designation by-law within 120 days of publishing the NOID; the by-law is to be served on the owner, anyone who objected to the NOID, and the Ontario Heritage Trust, and must be published on the City's website;
- The by-law is considered withdrawn if Council does not pass the by-law within 120 days of publishing the NOID;
- Following publication of the by-law there is a 30-day appeal period during which interested parties can serve notice to the municipality and the OLT of their objection to the designation;
- Should no appeal be received within the 30-day appeal period, the designation by-law comes into force; should an appeal be received, the matter will be brought to the OLT for their ruling.

Page 7

Financial/Staffing/Other Implications:

There are no direct financial implications to the City resulting from this staff report.

Relationship to Strategic Plan:

The long-term conservation and protection of significant cultural heritage resources via designation under the Ontario Heritage Act supports Pillar 1 of the 2024-2027 Strategic Plan, “Growing a Livable, Sustainable Community”; specifically, it supports Priority 3, “to build and implement a land-use planning vision and regulatory framework while conserving the city’s unique cultural heritage.”

Conclusion:

This staff report recommends that Council state its intention to designate the Hart House at 10239 Yonge Street under Part IV of the OHA as part of the City’s Bill 23 Heritage Designation Strategy. The subject property has been thoroughly researched and evaluated for cultural heritage significance using O. Reg. 9/06 criteria, and has been found to possess significant design, associative and contextual value.
