Background:

Section 284 (1) of the Municipal Act requires that the Treasurer report to Council by March 31st, a statement of total remuneration and expenses paid in the previous year to any Member of Council or its committees with respect to his or her services as a member of Council or committees. In addition, Section 284 (2), of the Act also specifies that the statement should identify the By-law or Council resolution under which the remuneration and expenses were authorized to be paid. The Municipal Freedom of Information and Protection of Privacy Act, provides that these statements are public records.

Discussion:

Appendix “A” of this report provides an itemized statement on the remuneration earned and expenses incurred by the Mayor, each Councillor and Committee members for the year 2024. The budget allocation is based on numbers approved in By-law No. 140.23.

Members of Council receive an annual salary that is set by by-law with annual provisions for cost-of-living adjustments, as well as a benefits package. All such remuneration is taxable and subject to statutory deductions as required by applicable legislation. The Mayor and Regional Councillors also receive remuneration from the Region of York. This additional amount is paid to them directly by the City of Richmond Hill and subsequently recovered from the Region. All such remuneration is included in the schedule attached.

All members of Council are members of the OMERS retirement pension plan and subject to all rules, regulations, and contribution requirements of that plan, as amended from time to time. All of these additional benefits are subject to taxation, or taxable benefits treatment, and statutory deductions as required by all applicable federal and provincial income tax legislation. The Mayor is provided with a City-owned vehicle, while other members of Council are provided with a monthly car allowance.

Each Member of Council is allocated an annual budget for municipal purposes which include expenses for constituency, communications, and support resources. While expenses from this budget are discretionary, they must comply with the Members of Council Expense Policy and be properly supported with documentation and are subject to review by the Director of Financial Services/Treasurer. These expenses are reflected in Appendix “A” attached. Elected Officials are also provided an allocation to attend conferences or seminars to further their municipal knowledge, awareness, or leadership skills. Costs related to attending conferences or functions on behalf of all of Council may occasionally be funded from other budgets and those would not be reflected in the schedule attached.

Page 3

The City provides all Members of Council with private offices at City Hall, access to office support services and equipment, cellular telephones/personal digital assistant (PDA), computer equipment, and basic telephone together with email and voicemail services. In 2024, the Mayor was supported by an Executive Assistant and each Member of Council was supported by an Administrative Assistant as a dedicated staff resource. The budget and expenses to the taxpayer of providing these supports and facilities are not reflected in the schedule.

Appendix “B” of this report provides a statement on all revenues and expenditures related to a Member’s Council-led Events incurred by the Mayor and each Council member for the year 2024.

Financial Implications:

There are no financial implications to this report. The Municipal Act requires the Treasurer to report a statement of total remuneration and expenses paid to any Members of Council or its committees with respect to his or her services as a member of Council or committee.

Relationship to Strategic Plan 2024-2027:

Presentation of Council and Committee remuneration and expenses aligns with Pillar 3, Strengthening our Foundations, specifically, Priority 1, making decisions that are evidence-based and data-driven to enable the City’s long term financial sustainability, as well as, environmental and economic sustainability.
