Subject: 107 Hall Street - Revised proposal application

Sir/Madam:

Please consider our objection to this application. We believe that the height of the buildings and the number of dwellings for the proposed development are too big for the location in question. The development is situated in the historical neighbourhood of Richmond Hill, yet it does not seem to fit the unique character of the neighbourhood. Moreover, because access to the buildings would be restricted to Hall street only, it would increase traffic in the area considerably. In our opinion, such a development would be better suited for sites on major arteries in Richmond Hill.
