Subject: Opposition to approving application

Richmond Hill Clerk's office

I understand that an application has been submitted for two five-story buildings containing 201 residential units and 371 parking spaces, at the corner of Longworth and Leslie, just north of Stouffville Road which is contradictory to the zoning of the land and the maximum height of four stories.

I would like to register my opposition to approving this application to preserve the integrity of planning and zoning in our city.
