Re: 114 Centre Street West

I do not support the current application for the above address. This property is in the HISTORIC section of Richmond Hill. An application for this property needs to pay homage to its roots. The original application and approval in 2022 for 2 detached homes is the only acceptable use for this land in this neighbourhood. Our historical roots must be maintained so we don't become a sea of concrete. How special is it that we live in a neighbourhood where we have sizeable properties of green grass! We need to covet these special properties! This should never become a high, or even medium density neighbourhood.
