To Whom It May Concern,

I hope this message finds you well.

My name is Maryam Ghandehary, and I am the owner of a detached home near 263 Oxford Street. I am writing regarding Files: ZBLA-25-0011 and SUB-25-0003.

I have concerns about the increasing number of semi-detached and townhouse developments in the area. The street has become significantly more crowded and less private, which is particularly concerning for residents like myself who own detached homes. I and some of the other neighbours want you to look at this matter.

Could you please advise me on how I can request appeal rights in relation to these files?

Best regards,

Maryam Ghandehary
