Subject: Re: council member event & fundraising policy

Regarding the agenda item of council member event & fundraising policy at this weeks council meeting, I would like to submit the following thoughts for public record.

Events in the community by a local elected representative is very important critical component of engagement, especially in Richmond Hill to recognize its cultural diversity.

I often get stopped by members in the community thanking me for my events today some three years having left office.

I strongly discourage cancelling this council event program starting in 2027 !!

Best regards

Tom
