Sarah Mowder, Planner II, of the Planning and Building Services Department, provided an overview of the proposed Official Plan and revised Zoning By-law Amendment applications to permit additional residential units within a previously approved eight storey residential apartment building to be constructed on the subject lands. S. Mowder advised that staff's recommendation was that the staff report be received for information purposes only and all comments be referred back to staff.

Adam Layton, Evans Planning, on behalf of the owners, provided an overview of the subject property, highlighting the proximity to public transportation, and described the Official Plan Amendment they were seeking to allow for an additional 135 units. He reviewed the proposed site plan, relevant development statistics, and highlighted the greater housing mix being offered, including smaller units, as a result of seeking efficiencies in the building footprint. A. Layton compared the building massing of the previous design to the new version, and shared illustrations of the proposed building elevations, streetscape, and amenity area.
